LIVING AT SOMERSET MANOR

HDGHA offers a welcoming and supportive environment from day one, with new residents receiving essential household supplies at move-in. The surrounding community continues to support this through donations of food, clothing, and school supplies, helping families meet every day needs.

Residents have opportunities to connect and build relationships through community events like Summer Jam and Trunk or Treat, as well as resident-focused gatherings such as meet-and-greets, holiday celebrations, and National Night Out. Children benefit from a variety of youth programs and activities, including library visits and enrichment opportunities that promote learning, connection, and friendship.

Together, these offerings make Somerset Manor a vibrant and engaging place where residents can feel supported, connected, and at home.
